## About the MAX Field Hockey High School National Invitational

Over 2,000 Varsity High School Field Hockey teams across the country compete each Fall; they play for conference, league, division, and state championships.. they represent their towns, their schools, and the players who played before them. Year after year MAX Field Hockey ranks the Top 20 teams in each region and the Top 25 teams across the country based on performance, strength of schedule, momentum, trends, recent history.. and in about 10-20% of instances, on head-to-head actual on-field results. We wanted to do something about that.

MAX Field Hockey and The Proving Grounds formed a partnership to bring together the best of the best High School Field Hockey teams across the country each Fall. Together, we join forces as the leader in High School field hockey coverage and rankings and the premier field hockey facility, to put on a world-class event that celebrates the High School Field Hockey game and the athletes and teams who play it. Our motto: *Prove it on the field at The Proving Grounds!*

For 2019, the top teams from across the country automatically secured a spot by either finishing in MAX Field Hockey's Final 2018 Regional Top 20/National Top 25 Rankings (plus others considered) or by competing for a 2018 state or major conference championship (winners plus runner-ups). Official invitations were sent out in December immediately following the end of the 2018 season. Additional available spots were filled based on an application process.

To secure NFHS sanctioning, which many public schools require to participate, we will play full regulation games rather than shorter pool play games and naming a "Champion." Teams' travel plans, individual state association's rules, coach's preferences, MAX Field Hockey's rankings and expectations for 2019 are among the many criteria considered when putting together match-ups.

Year 1 we have 36 teams traveling from all 6 regions, 12 different states (CT, IL, KY, MA, MD, MI, NJ, NY, PA, TX, VA), and public/private/charter schools ranging anywhere from 200 to 4,000 plus students. 16 of the 36 teams are currently ranked in the Top 25 in the nation and we have all 6 #1 teams from each region! The level of play will be premier and the competition will be fierce. The 2019 MAX Field Hockey High School National Invitational is slated to be a one-of-a-kind field hockey event!
